**Gia Gilmatals**  
 Owner, Dialis Salon  
 509 Diamond Drive | Camp Hill | 717-737-1777

Though that quote has been attributed to Confucius, it could well have been spoken by Gia Gilmatals. As she goes to work, Gia knows that hair is a special kind of styling. She says, "It's always had a personal impact on me how people felt about themselves," she says. "It's, honestly, been my life work."

Gia's dream became a reality when she opened Dialis Salon in 2009.

But Dialis isn't your typical salon by any means. Caring to truly professionals who create contemporary and personalized looks. Gia and her exclusive team of talented stylists can create a look for everyone's personal style that will accommodate the individual's lifestyle. From hair to intricate facial epilation, the possibilities are limitless, and the price are extremely cost-effective with the client's budget.

The most extraordinary process of all is that each stylist shares individualized techniques to create the best look for each customer looking fabulous after they leave the salon. Explains Gia, "I was a high impact educator for Paul Mitchell, and love to help and guide people and make sure they understand how their own hair works so they can continue to look magnificent every day."

And then, there are the wigs for those who have lost their hair, or work in the hair and replacement services for people who have lost their hair due to an illness, injury and beyond conditions.

In a private, comfortable section of the salon, cancer survivors and others who have lost their hair can receive services. Every wig is a specialist in hair loss, wig care and head coverage, one fitted to work at Dialis because of her industry expertise. Having had cancer herself, every works diligently to fit wigs to her client's head shape, all the while always maintaining a great customer care.

"It is amazing," says Gia. "It has people laughing and happy. It's so great to make for them." Always with every customer's lifestyle and needs in mind, Gia's team can help you find the right wig for your situation. With 20 years of experience in the area, and providing diverse consultations, "We make sure we're comfortable for our clients, and our clients feel empowered and understood by her," adds Gia. From consultations to every wonderful for haircare and hair's services.

Dialis also specializes in wedding hairstyles and makeup, and has affordable rates for bridal parties. "Dialis want to look natural and feel good about themselves, we're here to make their day amazing!" For those who want to control their money, Dialis offers Dialis and Cutsicle Hair Extensions. Dialis believes do not see your hair as an addition, and she made from human hair consequently, they look completely natural and naturally beautiful.

Gia invites anyone who is searching for a hair look to visit Dialis and discover how beautiful their hair can be.

*"Choose a job you love, and you will never have to work a day in your life."*
